8. CONCLUSION

A conclusion section is not required. Although a conclusion may review the main points of the paper, do not replicate the abstract as the conclusion. A conclusion might elaborate on the importance of the work or suggest applications and extensions.

APPENDIX

Appendixes, if needed, appear before the acknowledgment.

ACKNOWLEDGMENT

First A. Author and the other authors are required to include biographies and recent photos at the end of regular papers. This space is for writing your biography.

Do not mention any degree (Mr/Mrs, Dr, Prof etc) before your name in the article; it should be only in bio text.

Manuscript length should be limited to 4-6 pages including figures, tables, references, author's bio and photo etc.
